INFORMATION will be rewarded leading to the recovery of any animals having the above brand. Notify THOS. GUILFOYLE, Hope Valley, Alberta. Mar 4 19

DEATH OF THOS POSTANS

The death occurred on Monday morning, June 24th, of Mr. Thomas Postans, the father of Mr. A. M. Postans of Heath. The deceased gentleman who was 78 years of age, has spent several summers in the west and was well known and respected in the Gilt Edge district.

He returned from Ancaster Ontario, the home town of the family this spring full of interest and enthusiasm for the work on his farm, but very soon he was taken ill, and never regained his strength, in spite of the constant care and attention given him by Mrs. Postans, who came from Ancaster to nurse him.

Mr. Postans was a member of the Church of England and a consistent attendant at the worship of God. The funeral service was held at the home of Mr. A. M. Postans on Tuesday at 2:30 and consisted of a short service restricted to members of the family and a public service at which many were present to show their respect for the deceased and their sympathy with the bereaved.

The interment took place at Edgemoor cemetery.

Mr. Postans leaves a wife and three sons and three daughters, as well as a large circle of friends to whom his loss is felt.

NOTICE

Will persons having any cash held for them kindly return same to the school before July 5th as this is government and not school property and every piece must be accounted for.

H. Y. PAWLING, Secretary-Treasurer of the Town of Wainwright. Dated at Wainwright, 25th day of June, 1919. 25

LARGE DOCKET AT DISTRICT COURT

At the session of the district court here on June 18th, a large docket was gone through, taking the full two days to hear them.

Small Debt Cases

Taylor and Keet, vs. Gardner—plaintiff in court for payment of \$10.00 to plaintiff, each party paying one cent. May and Simpson for plaintiff, Fieldhouse and Hunter for defendant.

Large Debt Cases

Roe vs. Johnson—plaintiff action from Chas. J. Smith. At conclusion of plaintiff's case Mr. May for defendant applied for non suit but plaintiff allowed to amend by adding costs the day and his Honor advised settlement of action. Fieldhouse and Hunter for plaintiff, May and Simpson for defendant.

Clifford vs. Bingle—claim for balance due on purchase of hay from plaintiff. Judgment for plaintiff of \$15.00 and costs and quarter claim dismissed. May and Simpson for the plaintiff, Fieldhouse and Hunter for defendant.

Cattley Estate vs. Parsons—claim on wages—claim defendant claimed paid, claim dismissed with costs. Fieldhouse and Hunter for plaintiff, May and Simpson for defendant.

Smith vs. Lewis—Another chas. J. case, was settled by consent of judgment. Fieldhouse and Hunter for plaintiff, May and Simpson for defendant.

Goulet vs. Viking and Battle Creek Oil company—Judgment for plaintiff of \$15.00 and costs. Claim for work done for the company on Gravel Road. May and Simpson for plaintiff, Lough and Bennett Calgary, for defendant.

AUTO CLUB CONTESTS

The Edmonton Exhibition Association has completed arrangements for the second annual auto club contest in connection with the coming exhibition July 7 to 15. Last year three silver challenge cups were offered by the Macdonald-Cochran Co., James Ramsay Ltd., and S. C. May and company.

One for the automobile club bringing the greatest percentage of its members to the Edmonton exhibition; another to the club showing the greatest number of cars; the third was to the club showing the highest aggregate of miles covered by car to the exhibition. These cups were won by the A. B. C. club, the Camrose Motor club and the Lethbridge Motor club respectively. This year the contest will be held on Saturday, July 13th, the day of the auto races and competing clubs are requested to report at 2 p.m. at the manager's office in the exhibition grounds. All motor clubs in the province are invited to compete.

GOING EAST THIS SUMMER

If you plan to visit your friends down east this summer, there is no surer way to travel than via the Great Lakes route, and the steamships of the Northern Navigation Company are the fastest in service on the Great Lakes. Write to or ask your Grand Trunk Pacific agent for full particulars. Advt July 30

HE "SHAMROCK CAMP"

AT CLEAR LAKE

During last week Mr. and Mrs. Wainwright visited the Shamrock camp at Clear Lake, and had tea with Mrs. Walker, Roy, H. Wilson, Miss Walker and Miss Nicol.

Mrs. Wainwright accompanied by Miss Walker and Miss Nicol spent a little time fishing on the lake and were rewarded in the landing of two beautiful fish.

Mrs. Fraser also visited the camp and had tea.

On Thursday Miss Gerlie Walker, ex-Senior Patrol leader of the Girl Guides of St. James, Saskatoon, accompanied by Miss Nicol, motored from the camp to Wainwright and had afternoon tea with Mrs. Fraser. Later they returned to the camp with Miss Ward and were guests at a musical "at home" given by Mrs. Boucher of Ribstone Lake.

The time spent at this camp was most pleasant and the visitors from Saskatoon were delighted with the scenery and the lavish hospitality they received from the families around the lake.

The "Shamrock Camp" will remain at the disposal of the members of the original St. James, Saskatoon Girl Guides to the end of September who are pleased to renew acquaintance with their old friend and founder, the present Vicar of St. Thomas.

Out of fifty of the original Guides—the first organized in Saskatoon—only about twenty now remain. They are scattered over many points.

St. James led the way in the Girl Guide movement and succeeded in turning out some excellent and highly trained girls.

Other companies were later on formed in Saskatoon, and were trained by St. James girls, with the result that at present that city can boast of about 300 duly registered and trained Girl Guides of the British Empire.

AN ACKNOWLEDGMENT

Mrs. Lola Mabee, Wainwright.

Dear Miss Mabee—Will you kindly accept and convey to Mr. Murray Pearson, my sincere thanks for your generous appreciation of my work as physical instructor in Wainwright school. It has been a pleasure to me to assist any of you to attain that all round

PUBLIC SCHOOL EXAMINATIONS

The following is a list of school promotions:

Grade VII to Grade VIII: Wilma Watson, Mary Scottfield, Mr. G. Murray, Carolyn, Rosalind, May, Buffery, Ella Smith, Cecil, Pochter, Ella, Johnson, Mildred Graham, Gertrude Hurligh, Doris McLeod, Ralph Connor, Hugh Fraser, Harold Pink, Brock, Owen Pigeon, Dorothy Pinmore and Mary Ramsey.

SUCCESSFUL SCHOOL CONCERT AT GREENSHIELDS

It must be very gratifying and pleasing to the parents of Greenshields to have so efficient and kind a teacher in their midst as Mr. Aylroya, as shown by the excellent concert and entertainment given by the children of that school on Thursday evening, June 13th.

The confidence displayed by the tiny children was remarkable, while the older ones showed great ability and reward for their careful training.

The items on program are too numerous to mention separately, being a very lengthy list, though special mention should be made of some. Violet Muncester, Donald Gunn and Beth Lewis showing to great advantage in their different parts.

We are glad to know that Mr. Aylroya will remain at the school for another year.

Thanks are also due to Mr. McIntire, the Messrs. McDougall and Percy Murray, for their musical contributions etc., and to Mr. and Mrs. Lewis for their generous supply of "Ice cream" for all.

development of life which I so much regret that pressure of duties has prevented my more regular and efficiently serving you. Please for want of these thanks to the student body you represent. I remain, yours truly, Norman P. Priestley.

SOLDIER SETTLEMENT
Wainwright—According to S. Larkin of the Wainwright land settlement board, plans for next three decades to the open for soldier settlement the rising and Turtle Mountain forest reserves to northwest Manitoba.

TAX RECOVERY
ACT

The various Municipal Acts in force in the province provide for forfeiture proceedings being taken against land on which taxes are in arrears. By these proceedings the title to the land is forfeited to the municipality, subject to redemption within a year, and if the land is not redeemed then it may be sold by the municipality. This method of Tax Enforcement has proved to be both expensive and tedious as it requires the making out of a Tax Enforcement Return, Abstracts of Title are required to be secured from the Land Titles Office for all lands on which Tax Enforcement Returns are made. Tax Enforcement Returns, notices have to be sent by registered mail at least sixty days prior to date of the Court at which the Tax Enforcement Return is to be confirmed to all parties having any interest in the land and notice of Court has to be advertised by the local newspaper and in the Alberta Gazette. After the Tax Enforcement Return has been confirmed additional Abstracts have to be obtained, two more sets of notices have to be issued and advertisements again inserted in local newspapers and Alberta Gazette, giving date of final forfeiture of the land is finally sold, it is at least fourteen months from the date of commencement of forfeiture proceedings before the Municipality realises all its taxes, and if, as frequently happens in urban Municipalities, the land cannot be sold at all, the Municipality does not receive its taxes and in addition is out a large amount spent in obtaining Abstracts printing and mailing special notices, advertising date of Court, advertising date of final forfeiture and so on.

Because these proceedings were so expensive, burdensome and unsatisfactory, the Hon. A. G. MacKay minister of Municipal Affairs, at the last session of the Legislature, introduced legislation under the name of the Tax Recovery Act, which will greatly simplify and reduce the expense of the Tax Enforcement proceedings in future.

Under the Tax Recovery Act lands on which taxes are in arrears on the first day of July of the year following that in which they are levied, are liable to be sold for taxes and the treasurer, assessor or collector, as the case may be, of each city, town, village or municipality, shall, on or before the fourteenth day of August in each year, submit to the mayor or reeve of the municipality, a list of all lands that are liable to be sold for taxes. The mayor or reeve on satisfying himself that the list is correct, gives the proprietor a warrant authorizing him to advertise for sale all the lands included in such list. Such sale is required to be advertised once a week for two consecutive weeks in a newspaper or newspapers published in the Municipality, or if there is no newspaper published therein, in a newspaper circulating in the municipality. Such advertisement must be published not less than six weeks before the date of sale and is required to contain a list of the lands to be sold. In addition to the publication of the list as above mentioned, there shall be published once during each week after the period of two weeks above mentioned, but prior to date of sale, a notice of such sale and a statement as to where the list of lands may be seen. Notice of the sale is also required to be published in two issues of the Alberta Gazette, the last issue to appear not less than two weeks before the date of sale. No lands, the title to which is vested in the Crown, can be included in such sale.

Lands so offered for sale shall be sold to the highest bidder, and if they cannot be sold for the full amount of the arrears of taxes and costs, they may be sold for a lesser sum, subject however, to a minimum value that may be placed upon them by the council of the municipality. This minimum value shall not be advertised, but shall be treated by the treasurer as the upset selling price. Any lands which are not sold at such a sale shall be included in the list of lands offered for sale the following year. The purchaser at the Tax Sale will only be required to pay at date of sale, the amount due the municipality for arrears of taxes and costs even if the land is sold for more than the arrears of taxes and costs.

As soon as the sale is completed a return showing the lands sold will be sent to the Registrar of the Land Titles Office for the Registration District in which the land is situated, who shall register against such land a memorandum of sale, so that any prospective purchaser or money lender may be protected.

All lands sold at a tax sale are subject to redemption within a period of one year from the date of sale. Where lands sold are not redeemed by the end of the year, all parties shown by the record of the Land Titles Office to be interested in any way in the land will be notified by the fact that by registered mail and after a period of sixty days has elapsed from the expiration of the redemption period, a Return of the unsold lands will be submitted to a judge of the district court, who, on being satisfied that due notice has been given and that all matters in connection with the proceedings are regular, shall make such order as he considers to be desirable.

which will be in accordance with the order the treasurer shall then issue (transfer to any tax sale purchaser, on receiving from him payment of the balance outstanding, and such transfer shall entitle the purchaser to an "Indefeasible Title" except as to claims of the municipality or the Crown. The money paid to the municipality over and above the taxes due shall be paid to the person charged by an Order of a Judge of the District Court to be satisfied thereto.

By comparing the procedure under the Tax Recovery Act with the provisions in regard to Tax Enforcement that have hitherto been in force, it will be noted that under the Tax Recovery Act it is only necessary for the Municipality to obtain Abstracts of Title and to send notice by registered mail, in connection with the lands to be sold and not redeemed, whereas under the forfeiture proceedings that have been in force under our Municipal Acts, it is necessary to obtain Abstracts of Title of all lands in which taxes are in arrears, to send notice by registered mail to all parties shown to be interested therein during the year allowed for redemption after the land has been forfeited, it is necessary to obtain sets of Abstracts to be secured and two more notices to be sent to each person shown to be interested in the land, and after all this trouble and expense the Municipality is many times unable to collect any taxes whatever.

The Tax Recovery Act provides for the immediate sale of land for taxes, without waiting for a year as required by the forfeiture proceedings. If the land can be sold at all, this brings in the taxes immediately. If it cannot be sold, very little expense has been incurred. In addition to making provision whereby Municipalities may obtain their taxes more quickly, the Tax Recovery Act provides a simple method whereby action may be taken at an expense that will not be more than one-third of what it was under the forfeiture proceedings set forth in different Municipal Acts, and if the land is worth the taxes the Municipality gets them quickly, while if the land will not sell, the Municipality has not been put to any great expense.

The provisions of the Tax Recovery Act will come into force in the year 1920 and on and after that year 1920 the Tax Enforcement Proceedings as provided for in the Municipal Acts will

A good many of the town people left for the Gap Wednesday to take in the round up sports.

Mr. E. E. Nelson of Calgary, divisional superintendent of the St. John Ambulance Brigade for Calgary area, was the guest this week of the ladies branch of the Red Cross Association. During the Dominion day celebration and welcome to our returned soldiers the Red Cross provided a First Aid tent on the grounds where several men, for injuries were attended to. Mrs. Nelson gave a practical demonstration of First Aid to the injured and its value in the home as well as in all places where accidents may occur. How to prevent further injury and first aid. It is intended very short keep the patient comfortable until the doctor arrives to the object of all. To start St. John Ambulance class of instruction in this very interesting subject, notice of which will be given later.

Miss Jessie Plinke was the guest of A. E. Mills during her stay in town.

St. Andrew's Presbyterian Church Sunday July 6th.

Fringe Thanksgiving service at 11 a. m. Evening 7:30 subject: "Who is my neighbor?" Preacher Rev. J. B. Thompson.

St. Thomas Church Sunday, July 6th, third after Trinity, 8 a. m. holy communion; 10:30 matins; 11:30 Sunday school and sacrament of baptism; 7:30 evening.

St. Patrick's, Heath Sunday July 6th, third after trinity, 8:30 matins and holy communion.

Grace Methodist Church Services as usual at Grace church 11 a. m. and 7:30 p. m. Sunday school at 12:15. Service at Girl's Edge at three o'clock.

SUNDAY APPOINTMENT THANKSGIVING DAY

His Honor, Lieutenant Governor Brett has been advised by the Honorable Secretary of State that a proclamation has been issued appointing Sunday the 6th inst., a day of general thanksgiving for the end of the war against Germany and her allies, and hereby requests the people of Alberta to keep such day in a spirit of devotion, thanksgiving for the end of the Great War.

NOTICE

Will persons having any cash back or bills kindly return same to the school before July 6th as this is government and not school property and every piece must be accounted for.

REVOLUTION PLANNED BY WINNIPEG RADICALS

Winnipeg, July 5.—Federal authorities continuing their intensive campaign against the spread of revolutionary propaganda in Canada Tuesday morning raided the Winnipeg Labor Temple and the homes of 30 radical Socialists and seized large quantities of documents, pamphlets and letters all alleged to be of a revolutionary character. It is believed that as a result of the evidence discovered further arrests will be made locally.

It was stated by a federal officer today that the authorities are now more than ever convinced that revolution was planned by the radicals to have its birth in Winnipeg some time this summer. It was also announced that full facts concerning the plotted revolution would be given the public in due course in order that the loyal mass of the workers should appreciate the uses to which their striking power it is alleged was being conspired.

FORMER GERMAN EMPEROR WILL BE TRIED BY COURTS

London, July 5.—The former German emperor, will soon be placed on trial. Premier Lloyd George made this announcement in the House of Commons in his report on the peace negotiations. The premier declared that the tribunal which would try the former emperor would sit in London.

The German army, the premier said, was at present inadequate to disturb the peace of the feeblest of the neighbors of Germany.

The terms of the treaty with Germany in some respects were terrible, the premier said, but terrible would have been the consequences if Germany had succeeded.

German officers who had committed capital offenses, the premier added would also be placed on trial.

Mr. Lloyd George declared that the British delegation had taken a stand resolutely opposing any attempt to put a predominantly German jurisdiction under Polish rule.

There was a very large attendance of members and spectators present in the House of Commons to hear the premier's statement. The floor of the house and the galleries both were crowded.

The premier began by introducing two bills one to ratify those parts of the general peace treaty which involve changes in domestic law, and particularly those which concern commercial and financial obligations, and the second a bill to obtain approval for the separate treaty whereby Great Britain and the United States agree to protect French against unprovoked aggression by Germany.

Belgian municipalities have been invited to furnish the necessary documents to be used in the trial of German occupation of Belgium.

YPPES LAND OFFERED TO CANADA

Later of the Interior has ordered Brussels, July 3.—The Belgian minister of the interior has offered a parcel of land in the neighborhood of Ypres to the Canadian authorities for the erection of a war memorial and museum.

BACK ACHE

Lumber Up With Penetrating Hamlin's Wizard Oil

A harmless and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You have no idea how useful it will be found in cases of every day aches or pains, where there is need of an immediate healing, anti-septic application, as in cases of sprains, bruises, cuts, burns, bites and stings.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Or have sick headache? Just try Wizard Liver Whisk, pleasant little pink pills, 30 cents. Guaranteed.

Fall Rye

The most profitable of all cereal grains, not only for its grain value but also for its pasture. Every farmer should sow it—farmers that are growing it this year are now able to feed their stock in spite of the dry weather. We can supply you with the very best quality of Fall Rye, you may see it 1½ bushels per acre any time in July or up to the 25th of August and have abundance of pasture until the snow fall, long after the natural grass has dried up, and pasture again as soon as the snow is gone in the spring until the first of June, then taking off the stock you can have a full crop of rye. Telephone or write the Wainwright Flour Mill as they are our agents for Wainwright.

Blatchfords Calf Meal

In unquestionably the greatest feed to give good health to calves, a positive cure for White Diarrhoea and will pay any farmer to feed it, either with skimmed milk if he is selling his cream or to mix with water and feed without milk. The only real substitute for cows' milk.

Peas

FOR DOMESTIC USE—We solicit your trade on cooking peas; the White Field Pea which is absolutely free from vermin and has first class cooking qualities. Kindly call on Wainwright Flour Mills at Wainwright and if they have not got what you want write us at once.

WEDNESDAY JULY 2nd, 1919

DOMINION DAY

Tuesday, July first was the fifty-second birthday of the Dominion of Canada. The four provinces that then made up Canada were Nova Scotia, New Brunswick, Quebec and Ontario and the great Canadian leader whose untiring efforts resulted in the confederation was Sir John A. MacDonald. The constitution of the new country was only adopted after a conference of eighteen days in which representatives from all the provinces took part. Since July 1st, 1867 every province in Canada has joined the confederation, except Newfoundland, who still has its own government.

Canada has developed and expanded wonderfully since the days of the confederation, and we are justly proud of our country, its laws and institutions. The war has added further zeal to the patriotic spirit of the people, and the deeds of the Canadian boys in France have been sung and told the world over. Prof. Alexander struck the right chord when addressing the large audience at the banquet when he spoke of the patriotism of Canadians. Let us be proud of our country, honor the flag and give thanks for living in this free land.

The cost of living committee have certainly recognized the high cost of living when they are being paid at the rate of between \$8,000 and \$7,000 per year. Thirty-two thousand dollars a year for finding out the way some of the manufacturers are soaking the people. We could tell them that fact without charging half that much.

There passed away in Edgerton on June 25, one of the oldest pioneers in the district, and one of the men who lead the way for the future millions to the great west. He was George S. Taylor, pioneer, explorer, pathfinder and true west. Born in old Fort Garry he saw the west gradually fill up and reach the stage of development we now enjoy. All honor to his memory.

Wainwright certainly made an admirably host last Tuesday when it entertained the thousands of people here to a sports day and banquet in the evening. The visitors were agreeably surprised that at no place were they held up by admissions to pay, etc. The fair grounds were absolutely free, and the entertainment given, we think, was equal to any ever held in the district. The town folks gave the people from the country a real holiday, and gave it to them free.

One of the greatest events in world history took place when the delegates from the German government signed the historic peace terms of the allied countries. Whatever doubts the Germans have had as to their utter defeat should now be dispelled, when they were compelled to sign the peace. The first big job of cleaning up the world after the horrors of war has been done, and now it remains to dust up the old sphere and clean a few more of the bad spots up and we may again look forward to peace and prosperity.

Crop conditions throughout Alberta do not appear to be an the average this year. According to all reports wheat has suffered very badly and in many portions is a total loss. In this district we look forward to a good oat crop and at least a one-third wheat crop. The weather for the next few weeks will determine what the outcome will be. Rains have been falling well during the last week, and if they keep up all will come out O. K.

On viewing the number of automobiles congregated at the fair grounds on Tuesday and making a mental calculation of the amount paid in license fees, and then reflecting a little on the fact that money from licenses would be, according to the provincial government, used in making roads, you would wonder if any one had paid up, as there is not much evidence of any road making in this district.

LETTERS to the EDITOR

Editor Wainwright Star,

Dear Sir—In your issue of June 25th there is a leading article entitled "President Wood Has His Hands Full."

With your permission I would like to have the privilege of replying to it.

In the first place I would refer to the words "closed shop" which are mentioned as if its something new.

In the past we have had two political parties each has held its conventions and nominated their candidates; and each convention was a "closed shop". Candidates were put forward by these "closed shops" and thousands of people who claimed no allegiance to neither party were expected to vote for them.

The U. F. A. has in its ranks men and women who have had various political beliefs. The past convention was composed of representatives sent on a percentage basis from all parts of the constituency; and I would like to ask which was the fairer representation of the people; the large U. F. A. convention at Wainwright or the very small "party convention" at Vermilion?

The farmers outnumber any other class; they follow the basic industry of the country; when they prosper all others prosper.

What class has a greater right or a greater responsibility to set a standard for democratic political freedom?

The following is a quotation from the article "as adopted, the new organizations are purely class organizations; developing along lines for class legislation."

These remarks, I beg to point out are doubly wrong. In the first place, anyone who enjoys the confidence of a local may become a member; and take part in the conventions. In proof of this, a minister and a banker were delegates at the Wainwright U. F. A. convention.

Secondly, we are not developing along class lines, for the "Farmers' Platform" drawn up by our organization is distinctly a national platform for the general benefit of the people.

To quote further from the article: "If you believe as we do, join us, but we will have the controlling power." I would like to ask who has the prior right to the controlling power; the majority or the minority? I am in per-

fect agreement with you that if the farmers use their strength for selfish ends, they should be defeated; but I am glad to say the history of their past effort proves otherwise.

Our motto is "Equality, Equal Justice to all" and in the article referred to I did not think the writer had been exactly fair to a body of men who are doing their best as true citizens, to clean the political life of our country.

Thanking you in anticipation of your courtesy to insert this letter in your paper,

Yours truly,
HENRY E. SPENCER,
Edgerton, Alberta.

PLAXTOL SCHOOL DISTRICT

Mr. and Mrs. Edward Swenson in company with his brother H. I. Swenson of Blindloss, Alberta and George W. Bricka. Mrs. Swenson's father were callers at Mr. Harden's of Battle Heights the evening of the 20th.

Mr. H. I. Swenson left for his home the 23rd at Blindloss after a visit with his brother Edward, from June 5th until the 23rd.

Mr. J. H. Fletcher brought out the furniture for the new school house that J. M. Holloway just recently finished in Plaxtol district.

Mr. and Mrs. E. Swenson and brother and Mrs. Swenson's father were Sunday visitors at Mr. and Mrs. Golding's the 23rd.

Edward Swenson is adding two rooms to his house which will add very much to the appearance of his place.

Jerome Bamilla of Fabyan, Miss Worthington of Wainwright, Miss Bamilla of Plaxtol and a gentleman friend from east of Battle River were Sunday evening callers at Mr. E. Swenson's.

DEATH OF OLD RESIDENT IN EDGERTON DISTRICT

At an advanced age of 90 years, Mr. George Simpson Taylor, father of Jas. Taylor of the Rosemary district passed to his rest Wednesday, June 25th. The old gentleman was born in Lower Fort Garry, now the city of Winnipeg, in 1829 and so forms a link with the early days of the west. He remembered the days when Buffalo roamed wild on these plains and in his own words when the life of a horse was worth more than the life of a man.

The burial takes place at Edgerton cemetery on Friday.

The Road to Independence

THE "WHY" IN TRADE BALANCE

"What does a trade balance mean?" Many are today asking the question because their patriotism and their desire to share in national obligations were awakened and inspired through grand work in war time.

If one country bought or imported from another exactly the same amount of goods as it sold or exported to that country there would be no so-called "balance of trade." In common phrase they would be "quits." But it is hardly to be expected that this can come about one must buy more than the other, one must sell more than the other. The difference between the two is the balance of trade.

The country receiving most value, i. e., selling most goods or products, is said to have a favorable balance of trade; the country paying most for goods or products bought is said to have an unfavorable or adverse balance of trade.

Before the war in 1913 Canada had, with all countries, an adverse balance of \$14 million dollars. We bought that amount more than we exported. But owing to the immense munition and food orders which came to Canada as the result of the war, and for which European countries had to pay us, there was in 1917 a favorable balance in our national trade of 557 million dollars, i. e., we received that sum more than we spent on imports.

If so why should we worry?" some one may ask.

Because all war orders have now ceased, and we must go back perhaps in 1919-20 to our pre-war adverse balance of 1913 unless we can find something to take the place of these incoming war orders.

But not only are we faced with former deficits; our war time commitments alone run over \$1,500,000,000, and the interest on loans necessitates imperatively that each year we have

a favorable trade balance unthought of in 1913. And this solely and sheerly to pay our current debts.

To pay this greatly grown debt it is not enough to go back to peace time. We must go back to peace trade, but on a war time scale.

To do this we must place our factory and field production on a new and enlarged plane, we must adopt the most up to date methods, we must cooperate in a broad and enlightened policy we must do a hundred things not conceived even a few months ago by the most far seeing.

We must not have an "adverse balance of trade." Our factories must run for a full day's work for fifty-two weeks in the year; our farmers must continue to produce; as they did last year, the last possible ounce of their holdings; we must exploit our mineral and other resources to the utmost capacity of stamp mills and smelters. Canada's prosperity depends upon a favorable balance of trade. We must either retain our war time scale of exports or restrict our imports—or both, if we are to retain in a time of peace the proud position won for Canada by the sacrifice of her men at arms.

Versailles, June 28.—The world war was formally ended Saturday by the signing of the peace treaty with Germany. The epochal meeting in the Hall of Mirrors at 1.10 o'clock and the German delegates the first to sign, affixed their signatures at 3.13 o'clock. They were followed by the Americans. They were followed by the American delegates headed by President Wilson and then by the plenipotentiaries of Great Britain, France, Italy and Japan. The representatives of the minor powers signed in alphabetical order.

China's delegates did not attend the session, declining to sign the treaty because they were not permitted to make reservations. Premier Clemenceau in opening the

session said: "The session to open The Allies and Associated powers on one side and the Germans on the other have come to an agreement on the conditions of peace. The text has been completely drafted and the president of the conference has stated in writing that the text that is bound to be signed now is identical with the copies that have been delivered to the German delegation. The signatures will be given now and they amount to a solemn undertaking, faithfully and loyally to execute the conditions as set forth by this treaty of peace."

"I now invite the delegates of the German commission to sign the treaty."

NEW ZEALAND IS FOR BOOZE

The figures in the balloting on liquor licensing show a majority of 10,351 votes in favor of the license.

The vote was carried by both civilians and soldiers against prohibition.

Sore Throat, Colds

Quickly Relieved By Hamlin's Wizard Oil

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night.

How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 25 cents. Guaranteed.

There's many a curse between a crop When old Jup fails to let drop His copious showers stored up on top.

Performance is the Best Answer

"STANDING the gaff"—keeping always on the job—not eating up profits by high cost of operation—these are the big things your tractor must deliver. And actual work in the field over a period of years is the only real test.

Ten years ago the first OilPull tractors were put on the market. They went into the Northwest and Canada—breaking prairie sod—going against the toughest conditions a tractor can meet.

Did they make good? The best answer is that over 8,000 OilPulls are now in use, those sold ten years ago delivering the same sure service as this year's machines. Ask any owner—anywhere.

They Stand Up to the Work—Strong frame and wheel construction—heavy cut gearing—oil burning, oil cooled, heavy duty motor—from the ground up the OilPull is built to deliver day in and day out continuous service. Always ready when you are—no laying down on the "pinches."

Guaranteed Oil Burner—Oil burning was a fundamental in designing the OilPull. Not one of the 8,000 OilPulls in use today but is using kerosene or lower grade oil for fuel. To make it sure, every OilPull carries a written guarantee that protects the owner, and with no time limit.

Cooled by Oil—Did you ever hear of radiator trouble in the OilPull? No—because it is oil cooled. No danger of freezing—no evaporation—no refilling as with water cooled engines—no fan to give trouble—a more even temperature for the cylinders.

Closest Speed Regulation—Watch the OilPull on the belt—for close regulation it is without equal. Adjustment of engine speed to changes in the load must be as quick as a flash. The hand can't control it, but the governor in the OilPull does—fastest regulation of power to every variation in the load.

A Standard Design—Every OilPull is built the same. The new, small 12-20 carries the same guarantee of continuous service and low cost operation as the 16-20, 20-40 and 30-60 sizes.
